

AVL SWEDEN SEMINAR 2013
THURSDAY OCTOBER 24TH, GOTHENBURG

HOW TO MAKE THE RIGHT DECISIONS IN POWERTRAIN DEVELOPMENT -

AVL AND OUR APPROACH TO THE DEVELOPMENT PROCESS

In a world with ever increasing demands on the powertrain in terms of CO₂ reduction, emission control, and integration of new technology such as hybrids and waste heat recovery systems, the complexity of the development tasks increases even more.

AVL will present tools and methods that can meet the challenge to manage this complex environment and in the same time increase the productivity and quality.

So don't forget to reserve this date, the 24th of October 2013 in your calendar and book your tickets to Gothenburg.

Welcome!

Jan Gåsste
MANAGING DIRECTOR
AVL ITS SCANDINAVIA
INSTRUMENTATION AND TEST SYSTEMS

Erik Osnes
MANAGING DIRECTOR
AVL PTE SCANDINAVIA
POWERTRAIN ENGINEERING

27TH AVL SWEDEN SEMINAR 2013

THURSDAY OCTOBER 24TH, GOTHENBURG

Thursday, October 24 th , 2013	
09:00 am – 10:00 am	Registration and Coffee
09:45 am – 10:00 am	Welcome and Introduction Jan Gässte – MD AVL ITS Sweden Erik Osnes – MD AVL PTE Sweden Dr. Marko Dekenä – Executive Vice President, AVL List GmbH
10:00 am – 10:30 am	Legislative demands and its consequences on measuring Equipment Kurt Engeljehring – Business development manager AVL ITS Emissions
10:30 am – 11:00 am	Multi-disciplinary System Simulation – High quality model reuse in powertrain development Engelbert Loibner – Group Product Manager AVL AST (Advanced Simulations Tools)
11:00 am – 11:30 am	COFFEE BREAK
11:30 am – 12:00 pm	From stationary engine experiments to transient hybrid powertrain research Alf Hugo Magnusson - Senior Research Engineer Chalmers University of Technology, Applied Mechanics
12:00 pm – 12:30 pm	How to test your models in real life conditions Felix Pfister – Business Development manager ITS Controls and Simulation
12:30 pm – 14:00 pm	LUNCH BREAK
14:00 pm – 14:30 pm	AVL's methods and tools for knowledge management - iCAE Franz Zieher – Head of Simulation & Mechanical Development at AVL
14:30 pm – 15:00 pm	Model Based Calibration in practice Rolf Dreisbach – Executive Chief Engineer
15:00 pm – 15:30 pm	COFFEE BREAK
15:30 pm – 16:00 pm	TEST-TO-COST: Methods and processes for lean P&E testing Urs Gerspach – Test Factory Manager AVL Graz sites
16:00 pm – 16:30 pm	Alternative fuels –Learning from History and applying it to the Future Johannes Andersen – Lead Engineer Gas Engine Development, Daniel Danielsson – Technical Specialist Fuels and Lubricants, AVL Sweden.
16:30 pm – 17:00 pm	Vehicle and Powertrain Electrification Denise Gray – Vice President Powertrain Electrification
17:00 pm – 17:30 pm	Mingle
17:30 pm	Conference closure
18:00 pm	Austrian Buffet Separate Registration

REGISTRATION

Please do not register later than September the 20th via info.nordiska@avl.com.
Include your name, company, telephone number, and if you want to join the Austrian buffet.

LOCATION

Hotel SCANDIC CROWN, Göteborg
Polhemsplatsen 3
411 11 Göteborg
Telefon: +46 31 751 51 00
crown@scandichotels.com www.scandichotels.com
